

Open Water Diving Course from Marseille Provence Diving

Program Description:

- 2 Knowledge Development sessions.
- 6 Scuba dives in open water.

The PADI Open Water Course is certifiable, enabling the qualified diver to charter dive boats, hire diving equipment, as well as acting as a platform for further diving qualifications. The course structure is based on performance, not time, which enables any person who may encounter difficulties with any aspect of the course, the opportunity to overcome these in their own time, with extra tuition from an instructor.

The PADI Open Water Diver certification qualifies you to:

- Dive independently (with a certified diving buddy) while applying the knowledge and skills that you learned in this course, within the limits of your dive training and experience. **You shall be licensed to**

dive to a depth of 18 meters.

- Procure air fills, scuba equipment and other service for scuba diving.

- Plan, conduct and log open water no stop (no decompression) dives when equipped properly and accompanied by a buddy in conditions which you have training and or experience.

- Continue your diver training with a specialty dive in the PADI Advanced Open Water program, and or in PADI specialty course.
